

Project Completion Report: Artist Stream Counter

1. Project Overview

- **Project Name:** Artist Stream Counter
- **Topic:** Underground and experimental music community, featuring top artists, freshmans, and streaming platforms.
- **Goal:** Build a multi-page HTML & CSS website with proper structure, media elements, and an interactive contact form.

2. Completed Files & Structure

- index.html: The main page featuring underground artists, freshmans, and fresh albums with cover images and audio previews.
- about.html: The community page with background info, quotes, semantic tags (<figure>, <figcaption>), and an audio player.
- contact.html: A detailed contact form including title radio buttons, length-constrained text inputs, email, telephone pattern, age input, text area, newsletter checkbox, and reset/submit buttons.
- css/style.css: A shared stylesheet enforcing uniform styling, navigation layout, form design, and a strict 400x400px size with object-fit: cover for all images.

3. Final Status

- All code structure and media assets are fully integrated.
- The project is ready for submission and defense.

Validation

W3C CSS Validator results for TextArea (CSS level 3 + SVG)

Congratulations! No Error Found.

This document validates as [CSS level 3 + SVG](#) !

To show your readers that you've taken the care to create an interoperable Web page, you may display this icon on any page that validates. Here is the XHTML you could use to add this icon to your Web page:

```
<p>  
<a href="https://jigsaw.w3.org/css-validator/check/referer">  
    
</a>  
</p>
```

If you like, you can download a copy of this image to keep in your local web directory, and change the XHTML fragment above to reference your local image rather than the one on this server.

If you would like to create a link to this page (i.e., this validation result) to make it easier to re-validate this page in the future or to allow others to validate your page, the URI is:

```
https://jigsaw.w3.org/css-validator/validator$link  
or  
https://jigsaw.w3.org/css-validator/check/referer (for HTML/XML document only)
```

(Or, you can just add the current page to your bookmarks or hotlist.)

About Our Community

We're a community of people passionate with music that went under the radars for several reasons, and trying to share it with people that appreciate the experimental sound too.

Most underground artists start from posting on [Soundcloud](#), which is a free platform for public audio posting. Once they have enough listeners and resources, they blow up into more mainstream fields, posting their music on [Spotify](#), marking the true start of their career.
